+ SO MUCH MORE

QENDO

PARTNERSHIP, SPONSORSHIP AND EXHIBITOR PROSPECTUS

QENDO is the longest running endometriosis charity in Australia. We have been supporting anyone affected by endometriosis, adenomyosis, PCOS or infertility for over thirty five years. We are passionate about providing awareness, education and support for sufferers, as well as their support networks and the wider community.

2025 will see the first expo of its kind in over 25 years here in the ACT.

The need for this expo was identified by noticing a lack of events targeting pelvic health for women and those assigned female

at birth, and there is still too much incorrect messaging coming from those within the medical field to enable people to properly

and safely take care of their health and wellbeing.

The aim for this expo is to raise awareness, and to provide

education and the tools to empower

people to make informed decisions

about their health. We will be promoting

local businesses that provide products and/or services that could help form individuals toolkits to

manage their health. The funds raised from the expo will allow QENDO

to continue providing support to anyone affected by endometriosis,

adenomyosis, PCOS and infertility.

WHY EXHIBIT?

QENDO is the largest support group for endometriosis, adenomyosis, PCOS and infertility in the ACT. We have a solid online presence and frequently offer face to face gatherings to offer that human connection to sufferers. We've recently started running bimonthly online health sessions to assist with education.

Our reach within the ACT cannot be underestimated. This is a great opportunity to showcase your products and/or services.

2025 EXHIBITOR REQUIREMENTS

- Exhibitors must provide a copy of their public liability insurance upon application with coverage of no less than \$10mil by 1st January 2025
- Gold Exhibitors must provide printed collateral for Expo Goodie bags by 1st December 2024
- Exhibitors must provide high resolution PBG file of their business logo by 15 December 2024. Logo's received after this date will not be included as part of the agreed promotional opportunities;
- Exhibitors cannot share their booth without prior written approval from the Expo Organiser
- Exhibitors must ensure all electrical equipment is tested and tagged by a certified electrician prior to entry
